

TOLL FREE SERVICE ACCESS CODE TRAFFIC ATTACHMENT

The following terms shall apply when either Party delivers toll free service access code (e.g., 800/877/888)("8YY") calls to the other Party. For the purposes of this Section, the terms "translated" and "untranslated" refers to those toll free service access code calls that have been queried ("translated") or have not been queried ("untranslated") to an 8YY database. Except as otherwise agreed to by the Parties, upon request of Verizon, all Verizon Wireless originating "untranslated" 8YY traffic will be routed over a separate One-Way Trunk group. In the event that Verizon Wireless is requested to establish additional trunks to comply with requirements of this Attachment, these trunk additions shall be completed by Verizon Wireless within sixty (60) calendar days from the initial date of request by Verizon, or other timeframe agreed to by the Parties.

- 1.1 When Verizon Wireless delivers translated 8YY calls to Verizon for completion,
 - 1.1.1 to an IXC, Verizon Wireless shall:
 - 1.1.1.1 provide an appropriate Exchange Message Interface ("EMI") record to Verizon for processing and meet point billing in accordance with the meet point billing provisions of this Agreement; and
 - 1.1.1.2 bill the IXC the Verizon Wireless query charge associated with the call.
 - 1.1.2 to Verizon or another LEC that is a toll free service access code service provider in the LATA, Verizon Wireless shall:
 - 1.1.2.1 provide an appropriate EMI record to the toll free service access code service provider; and
 - 1.1.2.2 to the extent permitted by FCC rulings or orders or interconnection agreements with other Parties, bill the toll free service access code service provider the applicable Verizon Wireless switched access or reciprocal compensation rates and the Verizon Wireless query charge.
 - 1.1.2.3 Verizon shall bill applicable tandem transit service charges and associated passthrough charges to Verizon Wireless.
- 1.2 When Verizon performs the query and delivers translated 8YY calls, originated by Verizon's or another LEC's Customer,
 - 1.2.1 to Verizon Wireless should it become a toll free service access code service provider, Verizon shall:
 - 1.2.1.1 bill Verizon Wireless the Verizon query charge associated with the call; and
 - 1.2.1.2 provide an appropriate EMI record to Verizon Wireless; and
 - 1.2.1.3 bill Verizon Wireless Verizon's tariffed FGD switched exchange access or reciprocal compensation rates as applicable.

- 1.3 When Verizon Wireless: delivers untranslated 8YY calls to Verizon for completion,
 - 1.3.1 to an IXC, Verizon shall:
 - 1.3.1.1 query the call and route the call to the appropriate IXC; and
 - 1.3.1.2 provide an appropriate EMI record to Verizon Wireless, upon request of Verizon Wireless, to facilitate billing to the IXC; and
 - 1.3.1.3 bill the IXC the Verizon query charge associated with the call and any other applicable Verizon charges.
 - 1.3.2 to Verizon or another LEC that is a toll free service access code service provider in the LATA, Verizon shall:
 - 1.3.2.1 query the call and route the call to the appropriate LEC toll free service access code service provider; and
 - 1.3.2.2 provide an appropriate EMI record to Verizon Wireless, upon request of Verizon Wireless, to facilitate billing to the LEC toll free service access code service provider; and
 - 1.3.2.3 bill the LEC toll free service access code service provider the query charge associated with the call and any other applicable Verizon charges.
- 1.4 Verizon will not direct untranslated toll free service access code call to Verizon Wireless.
